

Instructor Check List

Have I clarified, for myself and my students:

- Where group work fits into our curriculum?
- The learning objectives for this group project?
- Why this project is important/effective/valuable as a collaborative learning experience?

Project Goals:

- Are the goals specific, clear, and relevant?
- Are the goals challenging, but achievable?
- Are the goals linked to the learning objectives of the course?

Activities:

- Are the scheduled group activities meaningful?
- Is there enough time to accomplish them?
- What are the resources my students need for their group sessions?

Students:

- What are my students' strengths and weaknesses?
- Have I provided different options for different learning styles?
- Have I allowed enough time for both individual and group learning?
- Have we established how the learners will be evaluated?
